

2/26/2014 i21 Infrastructure Subcommittee Agenda/Worksheet:

Agenda:

1. The Infrastructure Subcommittee's work over the next two meetings is to perform a detailed review of the considerations identified in meetings 1 and 2. Expected output is to document ideas, discuss them, and formulate a recommendation for the 2nd report out meeting on March 19.

Consideration Items Include:

- Edge - Where is it?
- Support Model
- Standards | Uniformity

- Automation & Digitization
- Applications
- Leveraging the Cloud
- Security
- Policy & Culture

-
- Data Center (The committee will need to align this item with a bullet above during this meeting) Look @ ways to sell services from our new data center. (Brought up @ the Mid-Point Meeting)
